Share a Craft... in March, Sally showed us how to make small bowls from scrap fabric and thread.

In April Fiona introduced us to the art of kinusaigu, a form of textile art making use of scrap fabric.

« End of Winter and the start of Spring »

On April 3, the **photo exhibition working group** framed and hung the new photo exhibition. Perhaps you have already had the chance to admire it. Many thanks to the many submitters of beautiful photos on this subject; it was difficult to choose once again.

The new theme will be: “Small animals,” and that, too, may be interpreted very broadly.

To avoid problems with photos getting lost or not being printable, I would like to point out once again that only photos printed in A4 format and submitted to the drawer “photos” at the club, or sent by email to calculat@hotmail.fr, are eligible for publication. Please submit your photos before May 22, so we have plenty of time to print them and add text.

On behalf of the exhibition working group: Ed van Weerd
